

Janice Johnson – My medium is oil on canvas or board. I use brush and palette knife, sometimes doing a whole painting with palette knife or brush alone. Before I moved to Wickenburg, I lived many different places and had the privilege of taking art lessons from two creditable teachers. One was Mr. Nakamura when I lived in central Japan. He was a very dedicated artist. The other teacher was Mary Ellen Metcalf in Washington state. She taught techniques and was a very encouraging teacher. Even though her lessons were

some time ago, I still use the techniques she taught. In addition, I have taken several workshops at the Wickenburg Art Center.
