Judges Evaluation:

- Composition
- Use of color, technical use of medium, drawing skills, values and texture
- Originality of design
- Presentation

During the judging the room will be closed to everyone except judge and attendant. Judge's results are kept confidential and will be returned to the artist in writing. Each medium will be judged separately and at least two items per medium must pass. All comments by the judge should be viewed as constructive aids to improve your skills as an artist. If you did not pass, we encourage you to try again by submitting fresh art work at a future jurying session. Artwork that received a "NO" vote by the judge may not be shown in the gallery or in our events that are exclusive to WAC juried artists.
